

# Step Up to *Electronic* Remote-Controlled Monitors

## Protect Your Facility, Product and People.

Designed for use by petrochemical refineries, transporters and processors, these fully-customizable, advanced *electronic systems* are safer and more reliable than manual monitors.

Clients around the world have trusted Elkhart Brass for fire fighting equipment for over a century. Now Elkhart Brass offers you advanced – *electronic* –remote-controlled monitor systems for industrial fixed installations.

You can depend on Elkhart Brass as your one source to take care of everything –from consultative design through manufacturing, programming, certification, commissioning, testing and for after-sales support through our world-wide distributor network.

### **Elkhart Brass:**

Bringing you innovative systems to meet your individual needs – on schedule and on budget.
